

ALVIS

Albury - Australia the celebrations begin 7th - 13th April 2019

On 26th February 1919 Thomas George John took over Holley Brothers Co. Ltd, an American firm of carburettor manufacturers at 17 Hertford St, Coventry UK. One hundred years later we will celebrate the quality cars that were produced by this company from 1920 - 1967.

Fittingly these celebrations will last for a year, finishing with the centenary of the first Alvis car produced in 1920. They begin in Albury Australia, and we invite everyone to take part.

After a Centenary Tour around the countryside of south-eastern Australia, organised by the ACCV, the Alvis Car Club NSW will host seven days of entertainment and adventure centred at Albury City, a major regional centre in Australia.

Stay at the Hovell Tree Inn, Albury's premier motel, on the banks of the Murray River, opposite Hovell Tree Park, and just a 5 minute walk from Albury CBD.

Visit the Albury LibraryMuseum to view an exhibition of the Centenary of Alvis and see our Avis cars on display at QE2 square.

See a performance of the Flying Fruit Fly Circus, Australia's celebrated producer of dynamic contemporary circus works and school of circus and interdisciplinary art forms.

Visit the Bandiana Army Museum, the largest and most diversified Australian Military Museum.

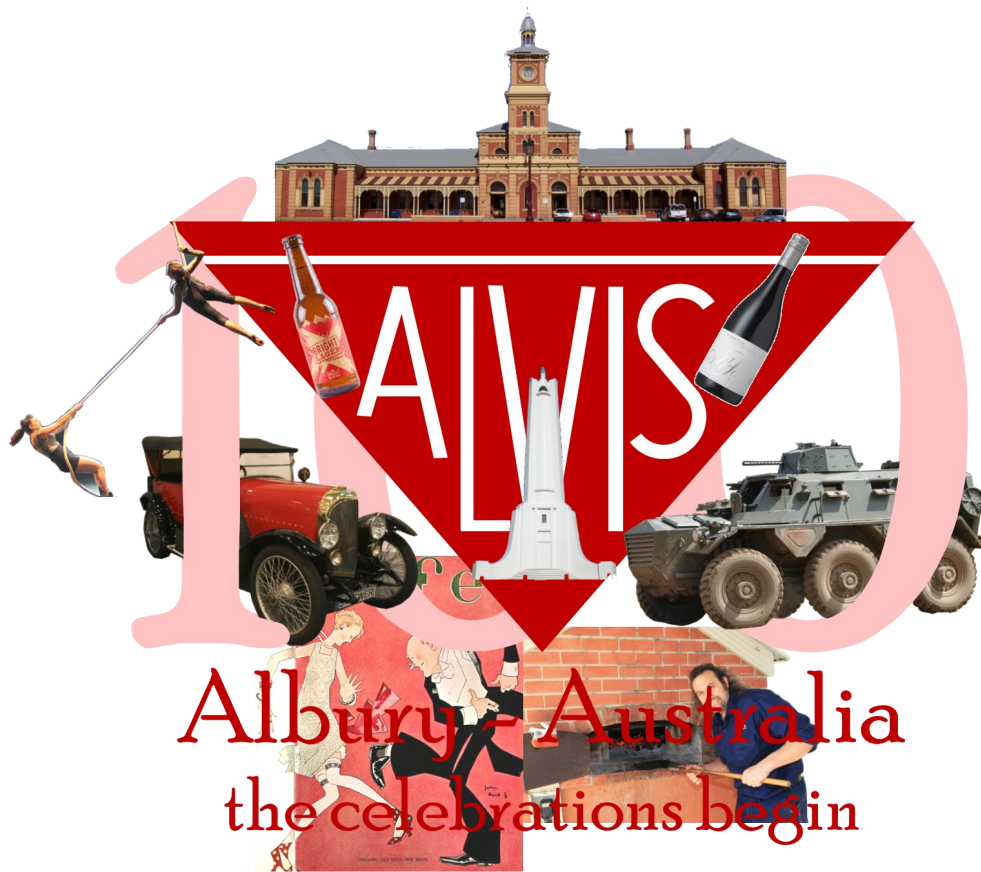

Have lunch at All Saints Estate, a heritage listed venue surrounded by ancient vineyards and award winning gardens. Tour Chiltern and Rutherglen (wine country) and historic Corowa (birthplace of Federation).

Drive along scenic Kiewa Valley Hwy to see the Australian Stoewer Museum at Mt Beauty and return via the tourist centres of Bright, Myrtleford, Beechworth and Yackandandah.

Drive up Monument Hill for a look at the First World War Memorial and a view over the city. Visit Lake Hume and the Hume Weir and you might try a helicopter scenic flight around the lake and the twin cities.

Celebrate the centenary of the company that created the Alvis motor car in our usual entertaining and enthusiastic way with your Alvis friends. ▼
